Dated: 23-11-2023

Advisory for Publishers/ Owners of Newspapers (no. 5 of 2023)

Subject: Temporary Suspension of Online Generation of Title Applications due to maintenance and upgradation of systems.

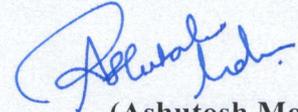

The Office of the Registrar of Newspapers of India (RNI) is set to launch the e-seva portal for RNI in December 2023. This portal will facilitate online applications for all procedures associated with Newspaper Registration thus ushering in an era of digital/paperless technology reducing delays and providing greater ease of doing business.

2. In light of this development, the existing website is being upgraded for enhancements. To facilitate the same, the **online generation of applications for title verification stands temporarily suspended w.e.f 23-11-2023 until the launch of the new portal.**

3. It may also be noted that, during this upgradation phase, RNI will process only those title applications which have been generated through the existing portal till 22/11/2023, and authenticated by the DM office on or before 15-12-2023 and sent to RNI by 22/12/2023. Applications received after 22/12/2023 will not be considered and applicants would have to submit the same on the new online portal.

4. Publishers are strongly encouraged to refer to the RNI website for further details on this matter. A dedicated helpline is available for the guidance of the publishers at telephone number **011-24369980** and email **it-helpdesk.rni@gov.in**

5. This issues with the approval of the Press Registrar.

(Ashutosh Mohle)
